

# A note from Mrs. Culp

Dear Parents of Third Graders,

I am beyond excited as I look forward to what is going to be an action-packed, fun filled year of learning! My hope for your third grader is that this classroom will be a safe learning environment that will provide your child with countless opportunities to develop his or her academic, social, and life skills. I set high expectations for the children feeling that they will reach no higher than the expectations we set for them.

During the first week of school, keep an eye out for an informational packet that will go home with your third grader, which includes answers to frequently asked questions. I am praying that you enjoy the rest of your summer and that this coming school year will be one of growth and many successes!

Should any questions arise, please feel free to email me!
